

BRILLIANT PM^{PRO} Leisure

Spa, sport and recreational facilities

The Leisure Module is a valuable **Brilliant PM^{PRO}** add-on that can be used to schedule all leisure events for hotels and resorts. It is the ideal tool to manage not only the resources of your property but also to plan the optimal use of employees. Furthermore, the **Leisure Module** manages all kinds of leisure time events like workouts, tennis court rentals, horseback riding, water skiing, guided tours, lessons, spa treatments and much more. It also keeps track of equipment use such as: sail and fishing boats, cart rentals, snowmobiles, etc. Leisure schedules can be managed as individual events or as part of a **Brilliant PM^{PRO}** reservation or package.

Features:

- Ability to book activities from Front Desk Reservation Module
- Facilities on or off site
- Graphical overview of activities
- Detailed Guest reports and/or itinerary
- Custom views of each facility
- Ability to package one or several components together and add to resort or hotel reservations
- Multiple search criteria for quick access
- Ability to book activities from front desk reservation module
- Tracking via hotel guest, outside guest and member
- Facilities maybe on or off site
- Confirmation letters, invoicing and reporting
- Fully integrated with Brilliant PM^{PRO}
